DETAILED ACTION

In response to Applicant Election filed April 25, 2006

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Mr. David Spaw on May 26, 2006.

The application has been amended as follows:

- a. In claim 1, line 9, please add the phrase "and slidably" after the word "detachably" and before the word "engages".

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:
 - a. Claims 1 - 4 are allowable over the Prior Art of Record because it fails to teach or suggest a displacement measuring instrument comprising an engaging member provided on an outer circumference of the instrument body that detachably and slidably engages and supports the lever support, as claimed, in order to prevent minute dust particles from invading the instrument body, which affects the precision of the instrument in combination with the remaining limitations of the claims.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Yaritza Guadalupe McCall whose telephone number is (571)272-2244. The examiner can normally be reached on 8:00 AM - 5:30 PM.

Art Unit: 2859
